Subject: Runway Safety Area Improvements
SCH#: 2009071104

Dear Desmond Johnston:

The State Clearinghouse submitted the above named Draft EIR to selected state agencies for review. The review period closed on November 26, 2012, and no state agencies submitted comments by that date. This letter acknowledges that you have complied with the State Clearinghouse review requirements for draft environmental documents, pursuant to the California Environmental Quality Act.

Please call the State Clearinghouse at (916) 445-0613 if you have any questions regarding the environmental review process. If you have a question about the above-named project, please refer to the ten-digit State Clearinghouse number when contacting this office.

Sincerely,

Scott Morgan
Director, State Clearinghouse

SCH# 2009071104
Project Title Runway Safety Area Improvements
Lead Agency Monterey Peninsula Airport District

Type EIR Draft EIR
Description Monterey Peninsula Airport District is proposing safety-related improvements at both ends of Runway 10R-28 at Monterey Peninsula Airport in compliance with FAA safety regulations. Improvements include the construction of retaining walls to create level surfaces to accommodate the RSA, in conjunction with engineered materials arresting system (EMAS) beds. The relocation of existing vehicle service roads on the east and west ends of the runway is also included in the project. The east vehicle service road would connect directly with SR-68 due to terrain in the project area and would provide access to Tarpy's Restaurant as a condition of a Caltrans Encroachment Permit. The proposed project has not changed since the previous EIR; rather, this EIR revises portions of the previous EIR found to be inadequate by the Monterey County Superior Court.
